01 Video Structure Overview

This 17-minute video by TEDx Talks is structured into 10 key sections.

1 opening

0:00 ~ 1:16

듀니어는 청중에게 브래드 피트 초상화를 재현할 수 있겠냐고 물은 후, 회색 정사각형으로 나누면 가능하다는 것을 보여줍니다. 이 기법으로 세계적 예술가가 된 척 클로스를 소개합니다.

Any complex task can be broken into simple, achievable sub-tasks

Chuck Close uses this exact grid technique to create world-class art

The skill is not magical talent — it's the approach

2 thesis

1:17 ~ 1:45

듀니어는 핵심 주장을 제시합니다: 야심찬 목표 달성은 재능이나 기술이 아니라, 문제에 접근하고 결정을 내리는 방법에 관한 것입니다. 과정에 대한 아주 작은 개선도 시간이 지나면 극적으로 더 나은 결과를 만듭니다.

Success is about approach and decision-making, not talent

Millions of small decisions have a continuous and compounding nature

Marginal improvement in process yields huge impact on results

3 evidence-1

1:45 ~ 3:40

조코비치의 테니스 경력을 사용하여, 680위에서 세계 1위가 되기까지의 차이는 '의사결정 성공률'을 49%에서 겨우 55%로 개선한 것임을 보여줍니다 — 작은 개선이 거대한 결과를 만든 것입니다.

Djokovic went from 680th to #1 with marginal improvement in point success rate

49% → 52% → 55% decision success rate corresponded to massive career jumps

Players don't control rankings or earnings — they control small decisions

4 evidence-2

3:40 ~ 5:45

듀니어는 유치원부터 대학까지 주의력과 집중력에 대한 고군분투를 공유합니다. 본성과 싸우는 대신 점진적 조정을 했습니다: 과제를 5-10분짜리 작업으로 세분화. 이것이 그를 C- 학생에서 올A 학생으로 변화시켰습니다.

He was diagnosed as unable to focus for more than 5-10 minutes

Instead of fighting his nature, he adapted his approach

Breaking tasks into 5-10 minute chunks led to Dean's List and Honor Roll

5 evidence-3

5:46 ~ 6:47

같은 접근법이 금융 커리어를 이끌었습니다: 크레디트 스위스의 파생상품 트레이더에서 뱅크 오브 아메리카와 AIG의 글로벌 책임자, 두 개의 수상 경력 헤지펀드 운영까지. 그런 다음 왜 개인 생활에 적용하지 않았는지 자문합니다.

Same break-it-down approach worked in high-finance career

Led to leadership roles at major financial institutions

Realized he should apply the principle to personal ambitious goals

6 evidence-4

6:48 ~ 9:03

듀니어는 출퇴근 중 낭비하던 시간을 팜슬러 독일어 CD로 대체하고, 유혹을 제거하기 위해 모든 음악을 삭제했습니다. 베를린에서 16일 후 독일어를 할 수 있게 되었고, 이 성공이 레이스, 헬리콥터, 스카이다이빙 등 다른 야심찬 목표들을 추구하게 했습니다.

Replaced wasted commute time (360 hours/year) with language learning

Removed all music to eliminate temptation of switching back

Small routine change enabled learning a new language as an adult

7 evidence-5

9:04 ~ 11:38

전형적인 헬스장 등록이나 다이어트 대신, 기존 습관(매일 걷기, 야외 사랑)을 활용하여 33개 등산로 하이킹 목표를 세웠습니다. 중요한 결정은 산 정상이 아니라 소파에서 — 일어나서 첫 걸음을 내딛기로 결정하는 것임을 강조합니다.

Don't fight your nature — leverage existing habits and passions

The critical decisions happen at the very beginning (getting off the couch)

Lost 25 pounds and completed the hardest half marathon (Pier to Peak)

8 evidence-6

11:39 ~ 13:09

2009년, 같은 원칙으로 50권 읽기에 도전합니다: 한 단어를 읽는 것에서 시작. 2012년에는 12개의 '기부 결심'을 포함한 24개의 결심을 세웠고, 헌혈/정자/머리카락 기부에서 유머러스한 거절을 경험합니다.

Reading 50 books starts with reading one word — the snowball effect

Set 24 ambitious resolutions in one year

Failures are part of the journey (humorous donation rejections)

9 evidence-7

13:10 ~ 16:39

아내의 뜨개질 제안이 안 바밍으로 이어졌습니다 — 유칼립투스 나무를 실로 감싸는 것. 82일간 한 땀 한 땀으로 첫 안 바밍을 완성했고, 이것이 18개 바위, 어린이 병원 감싸기, 궁극적으로 가장 큰 코바늘 그래니 스퀘어 기네스 세계 기록으로 발전했습니다.

Started from not liking knitting, found passion in yarn bombing

388 contributors from 36 countries helped wrap 18 boulders

2+ years of crocheting, one stitch at a time, earned a Guinness World Record

10 closing

16:47 ~ 17:52

듀니어는 미디어의 주목에도 불구하고 여전히 5-10분 이상 집중하지 못하는 아이라고 상기시킵니다. 특별한 재능은 없으며, 단지 큰 프로젝트를 세분화하고 점진적 개선을 하여 확률을 높일 뿐입니다. 청중에게 야심찬 꿈을 책장에서 꺼내라고 촉구합니다.

No special talent or skill — just a better process

Break big projects into simplest form, make marginal improvements

Call to action: pull your ambitious dreams off the bookshelf and start

02 Essential Vocabulary

Core words from the video that are high-value for learners.

replicate /ˈreplɪkeɪt/ verb

To make an exact copy or reproduction of something

복제하다, 재현하다

Latin 'replicare' (to fold back, repeat)

"How many of you believe you could replicate this image of Brad Pitt?"

Related: replica, replication, duplicate

ambitious /æmˈbɪʃəs/ adjective

Having or showing a strong desire and determination to succeed; requiring great effort or resources

야심찬, 대담한

Latin 'ambitiosus' (eager for public office)

"What stands between us and achieving even our most ambitious dreams."

Related: ambition, ambitiously, unambitious

marginal /ˈmɑːrdʒɪnəl/ adjective

Small and not important; relating to a slight change or improvement

아주 작은, 한계의, 점진적인

Medieval Latin 'marginalis' (of the edge)

"Even a marginal improvement in our process can have a huge impact on our end results."

Related: margin, marginally, marginalize

compounding /kəmˈpaʊndɪŋ/ adjective

Increasing or growing by accumulation; building upon itself over time

복합적인, 누적되는

Latin 'componere' (to put together)

"Because of the continuous and compounding nature of all those millions of decisions."

Related: compound, compounded, compound interest

quantify /'kwɒntɪfaɪ/ verb

To express or measure the quantity of something; to put into numbers

수치화하다, 정량화하다

Medieval Latin 'quantificare'

"We can quantify and track his progress in this area."

Related: quantity, quantifiable, quantification

spectator /spek'tetər/ noun

A person who watches something, especially an event, without being involved

관중, 방관자, 구경꾼

Latin 'spectator' (viewer)

"I'm going to stop being a spectator of my decision making."

Related: spectate, spectacle, spectacular

rectify /'rektɪfaɪ/ verb

To put right; to correct or fix a problem or mistake

바로잡다, 교정하다

Latin 'rectificare' (to make right)

"And I wanted to rectify that."

Related: rectification, correct, direction

temptation /temp'teɪʃən/ noun

A desire to do something, especially something wrong or unwise; something that attracts

유혹, 충동

Latin 'temptatio' (a testing)

"So I removed that temptation by removing all of the music."

Related: tempt, tempting, tempted

commute /kə'mjuːt/ noun

A regular journey between one's home and workplace

통근, 통학

Latin 'commutare' (to change, exchange)

"My commute was a walk from one end of Hyde Park to the other."

Related: commuter, commutation

intensive /ɪnˈtensɪv/ adjective

Concentrated on a particular area or subject; thorough and vigorous

집중적인, 강도 높은

Medieval Latin 'intensivus'

"I went to Berlin for a 16-day intensive German course."

Related: intense, intensity, intensify

garnered /ˈɡɑːrnəd/ verb

To gather or collect something, especially information, support, or attention

모으다, 획득하다, 끌어모으다

Old French 'gernier' (granary, to store grain)

"I've garnered an awful lot of attention from my escapades."

Related: garner, garnering

culminates /ˈkʌlmɪneɪts/ verb

To reach the highest point or final stage of development

절정에 달하다, 마무리되다

Latin 'culminare' (to crown)

"Which culminates in a project that is currently at TMC here in Tucson."

Related: culmination, culminating

manageable /ˈmænɪdʒəbəl/ adjective

Able to be controlled, dealt with, or accomplished without great difficulty

관리할 수 있는, 감당할 수 있는

Italian 'maneggiare' (to handle) + -able

"You break them down to much more manageable tasks."

Related: manage, management, unmanageable

undisciplined /ʌnˈdɪsɪplɪnd/ adjective

Lacking discipline or self-control; not trained to follow rules or a code of behavior

자제력이 없는, 규율이 없는

un- (not) + disciplined

"Because the truth of the matter is, I'm an undisciplined person."

Related: discipline, disciplined, self-discipline

resolution /ˌrezəˈluːʃən/

noun

A firm decision to do or not to do something; a formal expression of intent

결심, 결의, 다짐

Latin 'resolutio' (a loosening, solving)

"I set a resolution to hike all 33 trails in the front country."

Related: resolve, resolute, resolved

03 Additional Vocabulary

Supplementary words that appear in the video and are useful for expanding your vocabulary.

dominating /ˈdɒmɪneɪtɪŋ/

adjective

Having a commanding position or influence; overwhelmingly superior

압도적인, 지배적인

Latin 'dominari' (to rule, govern)

"Winning a dominating 90% of his matches."

Related: dominate, dominant, dominance

exotic /ɪɡˈzɒtɪk/

adjective

Originating from or characteristic of a distant foreign country; strikingly unusual or strange

이국적인, 특이한 (금융: 복잡한 구조의)

Greek 'exotikos' (foreign)

"I started out as an exotic derivatives trader at Credit Suisse."

Related: exoticism, exotica

derivatives /dɪˈrɪvətɪvz/

noun

Financial instruments whose value is based on the value of an underlying asset

파생상품 (금융 용어)

Latin 'derivativus' (drawn off)

"I started out as an exotic derivatives trader at Credit Suisse."

Related: derive, derivation, derivative

escapades /ˈeskəpeɪdz/

noun

Wild, exciting, or adventurous acts or incidents

모험담, 돌발 행동

Spanish 'escapada' (escape, prank)

"I've garnered an awful lot of attention from my escapades."

Related: escape, escapade, escapism

charitable /ˈtʃærɪtəbəl/ adjective

Relating to the assistance of those in need; generous in giving to the poor

자선의, 자비로운

Old French 'charitable' from Latin 'caritas' (love)

"I did 12 charitable things that didn't involve writing a check."

Related: charity, charitably, uncharitable

possessing /pəˈzesɪŋ/ verb

Having or owning something; being endowed with a quality or ability

소유하다, 갖추다

Latin 'possidere' (to occupy, hold)

"Has far less to do with possessing some magical skill or talent."

Related: possess, possession, possessive

marvel /ˈmɑːrəl/ verb

To be filled with wonder or astonishment at something

경탄하다, 놀라워하다

Old French 'merveille' from Latin 'mirabilia' (wonderful things)

"Really big, ambitious projects that people seem to marvel at."

Related: marvelous, marveling

aerobically /ˌeəroʊˈbætɪkli/ adverb

In a manner involving spectacular flying maneuvers such as loops and rolls

곡예 비행으로

Greek 'aero' (air) + 'bat' (to walk/go) + '-ically'

"And learned how to fly planes aerobically."

Related: aerobatics, aerobatic, acrobatic

incorporate /ɪnˈkɔːrpeɪt/ verb

To include or contain something as part of a whole; to take in or absorb

포함하다, 통합하다

Latin 'incorporare' (to form into a body)

"Incorporated more than 30 miles of yarn."

Related: incorporation, incorporated, corporate

04 Grammar Patterns

Key grammar structures used in the video. Each pattern includes real examples.

By a show of hands, how many of you...?

A rhetorical question used in presentations and speeches to engage the audience directly. 'By a show of hands' is a fixed expression used to request a visible vote or indication of agreement from a group.

'손을 들어 보세요'라는 표현으로 청중에게 직접 참여를 요청하는 수사적 질문 형식입니다. 프레젠테이션이나 연설에서 자주 사용됩니다.

By a show of hands, how many of you have traveled abroad?

By a show of hands, who agrees with this proposal?

What stands between us and [goal] has far less to do with X and far more to do with Y

A contrastive structure that minimizes one factor (X) and emphasizes another (Y). 'Has far less/more to do with' creates a powerful comparative argument. This construction is effective for reframing a discussion.

한 요인(X)을 최소화하고 다른 요인(Y)을 강조하는 대조 구문입니다. 'has far less/more to do with'는 강력한 비교 논증을 만듭니다. 논의의 프레임을 전환할 때 효과적입니다.

Success has far less to do with natural talent and far more to do with consistent practice.

Happiness has far less to do with wealth and far more to do with relationships.

It would be very difficult to argue that you couldn't...

A persuasive construction using a double negative through understatement. Instead of saying 'you can obviously do this,' the speaker makes the counter-argument seem impossible to sustain, which is a stronger rhetorical device.

이중 부정을 통한 완곡 표현으로, '이것을 할 수 있다'고 직접 말하는 대신 '할 수 없다고 주장하기 어렵다'고 하여 반론 자체가 불가능하게 만드는 더 강력한 수사법입니다.

It would be very difficult to argue that exercise isn't beneficial for health.

It would be hard to argue that this isn't an improvement over the previous version.

If only he would just [verb]

An expression of unfulfilled wish or regret about someone's behavior. 'If only' + 'would' indicates a desired but unrealized condition. Often used when quoting others' wishes about someone's behavior.

누군가의 행동에 대한 이루어지지 않은 소망이나 아쉬움을 표현합니다. 'If only' + 'would'는 바라지만 실현되지 않는 조건을 나타냅니다. 타인의 바람을 인용할 때 자주 사용됩니다.

If only she would listen to our advice.

If only the weather would clear up for the weekend.

Instead of [pretending/doing X], I decided to [do Y]

A structure that contrasts an abandoned approach with a new chosen strategy. It shows active decision-making and is used to describe a pivot or change in approach.

버린 접근법과 새로 선택한 전략을 대조하는 구문입니다. 능동적인 의사결정을 보여주며, 접근 방식의 전환을 설명할 때 사용됩니다.

Instead of complaining about the situation, I decided to take action.

Instead of waiting for the perfect moment, she decided to start immediately.

The truth of the matter is, [statement]

A discourse marker used to introduce an honest or frank admission. It signals that the speaker is about to reveal something genuine or contradictory to expectations. More formal and emphatic than simply saying 'actually.'

솔직한 고백이나 인정을 도입할 때 사용하는 담화 표지어입니다. 화자가 기대와 다른 진실을 밝히려 한다는 신호입니다. 단순히 'actually'보다 더 격식 있고 강조적입니다.

The truth of the matter is, I never really enjoyed that job.

The truth of the matter is, most people give up too early.

Not necessarily X, not even necessarily Y, but just Z

A narrowing construction that eliminates larger expectations step by step to arrive at the simplest, most achievable action. Creates a sense of relief by showing that the required effort is much smaller than anticipated.

큰 기대를 단계적으로 제거하여 가장 단순하고 달성 가능한 행동에 도달하는 축소 구문입니다. 필요한 노력이 예상보다 훨씬 작다는 것을 보여주어 안도감을 줍니다.

Not necessarily a full workout, not even necessarily going to the gym, but just a 10-minute walk.

Not necessarily a complete overhaul, not even a major change, but just a small tweak.

From [starting point] all the way through to [end point]

A time/progression expression emphasizing the complete span from beginning to end. 'All the way through' adds emphasis showing continuity without interruption across the entire period.

시작점부터 끝점까지의 전체 범위를 강조하는 시간/진행 표현입니다. 'all the way through'가 전체 기간에 걸친 연속성을 강조합니다.

From the first chapter all the way through to the conclusion, the book was captivating.

From elementary school all the way through to college, she excelled in mathematics.

I keep using this word, [word]. I don't want to imply [X].

A self-correction or clarification technique where the speaker pauses to address potential misunderstanding of their own word choice. Shows awareness of audience interpretation and adds nuance.

화자가 자신의 단어 선택에 대한 잠재적 오해를 해소하기 위해 잠시 멈추는 자기 교정 또는 명확화 기법입니다. 청중의 해석에 대한 인식을 보여주고 뉘앙스를 추가합니다.

I keep saying 'simple.' I don't want to imply it doesn't require effort.

I keep using the term 'easy.' I don't want to imply anyone can do it without practice.

It's not about X. It's about Y.

A reframing structure that redirects attention from the obvious or surface-level interpretation (X) to the deeper, more important truth (Y). Very common in motivational and persuasive speaking.

명백하거나 표면적인 해석(X)에서 더 깊고 중요한 진실(Y)로 주의를 전환하는 재프레이밍 구조입니다. 동기 부여 및 설득적 연설에서 매우 흔합니다.

It's not about the destination. It's about the journey.

It's not about how many hours you work. It's about how productive those hours are.

If you [do one small thing], you'll [do progressively bigger things]

A chain reaction or snowball structure showing how one tiny action leads to increasingly larger outcomes. The progressive escalation from small to large creates a motivational cascade effect.

하나의 작은 행동이 점점 더 큰 결과로 이어지는 연쇄 반응 또는 눈덩이 구조입니다. 작은 것에서 큰 것으로의 점진적 확대가 동기 부여의 연쇄 효과를 만듭니다.

If you write one sentence, you'll write a paragraph, a page, a chapter.

If you save one dollar, you'll save ten, a hundred, a thousand.

It turns out [surprising fact]

A phrase used to introduce information that was discovered or realized, often with an element of surprise. Signals that reality differed from the speaker's prior assumption.

발견하거나 깨달은 정보를 소개할 때 사용하는 구문으로, 종종 놀라움의 요소가 포함됩니다. 현실이 화자의 이전 가정과 달랐다는 것을 나타냅니다.

It turns out the restaurant was already closed.

It turns out she had been living next door the whole time.

05 Connected Speech & Pronunciation

Natural pronunciation patterns found in the talk. Practice these to sound more natural!

Reduction (축약)

I'm going to show you → **아임 거나 쇼우 어**

/aɪm 'gɒnə ʃoʊ.jə/

'going to'가 자연스러운 대화에서 'gonna'로 축약되고, 'you'가 'ya/yə'로 약화됩니다. 미국 영어에서 가장 흔한 축약 중 하나입니다.

Practice saying 'gonna' as a single unit rather than two separate words. The 'g' sound flows directly into the nasal 'n' sound.

What stands between us and → **왓 스탠즈 비트윈너스 앤**

/wʌt stændz bə'twiː n̩əs æn/

'between us'에서 'n'이 'us'의 슈와 모음으로 연결되고, 'and'는 빠른 발화에서 'n' 또는 'ən'으로 흔히 축약됩니다.

Practice linking 'between us' as 'betweenəs'. Reduce 'and' to just 'n' sound.

a lot of → **어 라러브**

/ə 'ləʊv/

미국 영어에서 'lot'의 't'는 모음 사이에서 플랩 /r/ (빠른 'd' 소리)가 됩니다. 'of'는 /əv/로 축약됩니다. 전체 구문이 'a-lod-uv'처럼 들립니다.

Tap the 't' in 'lot' quickly like a 'd' and connect it directly to 'of'. Say 'uh-lahd-uhv'.

I want to → **아이 워나**

/aɪ 'wɒnə/

'want to'가 일상적이고 반격식적인 대화에서 'wanna'로 흔히 축약됩니다. TED 강연에서도 화자들이 자연스럽게 이 축약을 사용합니다.

Merge 'want to' into a single word 'wanna'. The 't' disappears completely.

kind of the → **카인더 더**

/'kaində ðə/

'kind of'가 빠른 발화에서 'kinda'로 축약됩니다. 'of'가 자음을 완전히 잃고 'kind'에 붙는 슈와 모음만 됩니다.

Say 'kinda' as one word. The 'of' becomes just 'uh' sound: 'kine-duh'.

I've got this → **아ιβ 갓 디스**

/aɪv 'gɒt ðɪs/

'I've got'은 구어 영어에서 'I have'의 매우 흔한 비격식 대안입니다. 'have'가 축약되어 거의 보이지 않으며 'got'에 강세가 옵니다.

The 've' should be very light, almost just a 'v' sound: 'ahyv-got'. Don't stress the 'have' part.

Linking (연음)

in its entirety → 이닛츠 인타이어러티 /ɪn_ɪts ɪn 'taɪərəti/

'in'의 끝 'n'이 'its'의 시작 'i'와 부드럽게 연결되어 연속적인 소리를 만듭니다. 이 자음-모음 연음은 영어 연결 발음의 기본입니다.

Say 'in its' as if it were one word: 'inits'. Don't pause between the words.

settle down and focus → 세를 다우너ᆞ 포우커스 /'setl daʊn_ən 'fɒkəs/

'down'의 'n'이 축약된 'and'('ən')로 연결되고, 그 다음 'focus'로 흘러갑니다. 구문 전체가 부드러운 소리 연쇄가 됩니다.

Practice the flow: 'settle-dow-nən-focus'.
Don't separate 'down' and 'and'.

come back → 컴백 /kʌm_bæk/

'come'의 끝 'm'이 'back'의 'b'로 직접 연결됩니다. 둘 다 양순음(두 입술로 만드는 소리)이므로 매끄럽게 합쳐집니다. 입술이 두 소리 모두에서 닫힌 상태를 유지합니다.

Keep your lips together from the 'm' sound directly into the 'b'. There should be no gap.

put it down → 푸릿 다운 /'pʊt_ɪt daʊn/

'put'의 't'가 'it'의 모음 'i' 앞에서 플랩 /r/가 되어 두 단어를 연결합니다. 그런 다음 'it'이 'down'으로 연속적으로 이어집니다.

Say 'puddit-down' with a quick 'd' sound for the 't' in 'put'. Link all three words.

one of us → 워너버스 /wʌn_əv_ʊs/

세 단어가 부드러운 연쇄로 연결됩니다: 'one'의 'n'이 'of'(축약된 'əv')로 연결되고, 이것이 'us'로 연결됩니다. 결과적으로 'wunuvus'라는 하나의 단어처럼 들립니다.

Practice this as one flowing unit: 'wun-uh-vus'. All three words should blend together with no pauses.

Elision (탈락)

couldn't make every → 쿨든 메이 케브리 /'kʊdnt meɪ_ˈevri/

'couldn't'의 끝 't'는 다른 자음이 뒤따를 때 종종 탈락됩니다. 또한 'every'는 중간 모음이 탈락하여 세 음절이 아닌 두 음절 'ev-ry'가 됩니다.

Say 'couldn't' (without the final 't') and flow right into 'make'.
Practice 'every' as 'ev-ry'.

just five or ten minutes → 저스 파이프 오어 텐 미닛츠 /dʒʌs faɪv ɔː r ten 'mɪnɪts/

'just'의 끝 't'가 자음 앞에서, 특히 'f'와 다른 마찰음 앞에서 자주 탈락합니다. 자연스러운 영어 발화에서 매우 흔한 탈락 현상입니다.

Say 'jus' (dropping the 't') before 'five'.
It should flow as 'jus-five'.

months

먼츠

/mʌnts/

빠른 발화에서 'months'의 'th' /θ/가 종종 탈락하여 어려운 자음 연쇄 /nθs/가 /nts/로 단 순화됩니다. 많은 원어민이 자연스럽게 'th' 소리를 생략합니다.

It's acceptable to say 'munts' instead of trying to pronounce the full 'th' sound in rapid speech.

Assimilation (동화)

would you

우쥬

/'wʊdʒu/

'd'가 'y' 앞에 올 때 구개음화를 통해 /dʒ/ 소리(judge의 'j')로 합쳐집니다. 이것을 '요드 합체(yod-coalescence)'라고 합니다.

Instead of saying 'would-you' as two separate words, blend them into 'wooju' with a soft 'j' sound.

don't you

돈추

/'doʊntʃuː /

'would you'와 비슷하게, 't'가 'y'를 만나면 구개음화가 일어나 /tʃ/ ('ch' 소리)가 됩니다. 'Don't you'가 'dontchu'가 됩니다.

Blend the 't' and 'y' into a 'ch' sound: 'don-chew'. Practice it as a smooth two-syllable word.

06 Signal Expressions

Key phrases used to structure the content. Learning these helps you follow presentations.

"By a show of hands"

"And in so doing"

"But before I do that"

"I know what you're thinking"

"So let me introduce you to"

"You see"

"And I'll prove this to you by"

"Now here's what's really interesting"

"And I'll show you what I mean"

"The truth of the matter is"

"So the whole reason I'm giving this talk"
